

ALLIANCE LIBRARY SYSTEM

It is recognized that Library users may not always be able to fulfill their informational, educational and recreational needs by use of materials housed in this Library alone. This Library is a member of the cooperative Alliance Library System which offers the following services to the patrons of Pekin Public Library: Continuing Education, back-up reference service, interlibrary loan, reciprocal borrowing. The effect of this membership is that resources of almost 300 area libraries and of many other libraries around the State of Illinois are available to the Pekin patron through his local library.
